

Mentorat relève

A plus for female researchers

Deadline 28 February 2024

Goal

Provide female researchers at the University of Geneva advice and support in order to improve their research portfolio, provide a better understanding of how the academic system functions, and facilitate their integration into the university community.

What is on offer

Personal support from a female UNIGE professor and mentor as well as four theme-based group sessions.

Who is eligible

Advanced doctoral students and researchers at UNIGE who wish to pursue an academic career.
